INTERNATIONAL RAPESEED CONGRESS

*Flowering for the Future*

16 – 19 June 2019

BCC, Berlin Congress Center  
Berlin/Germany

15<sup>th</sup> International  
Rapeseed Congress  
Co-Located Exhibition

# "Berlin welcomes the Rapeseed Community"

The 15<sup>th</sup> International Rapeseed Congress and co-located exhibition brings together the leading rapeseed professionals from all over the world. The successful combination of the world's largest gathering of rapeseed scientists and researchers and the meeting of industry experts not only creates a unique business environment, but also offers outstanding opportunities for your business.

The 15<sup>th</sup> International Rapeseed Congress and co-located exhibition is being organized jointly by GCIRC (International Consultative Group for Research on Rapeseed) and UFOP (Union zur Förderung von Oel- und Proteinpflanzen e.V.) with DLG as exclusive partner for the co-located exhibition.

Since the 1960s the International Rapeseed Congress has been helping canola and rapeseed professionals reach new markets and create sustainable relationships in the worldwide rapeseed experts network. DLG has been organizing trade fairs and exhibitions for the agricultural and food sector for more than 130 years.

These events serve as a forum for ideas, innovation and networking. They are highly respected among exhibitors and visitors alike.

A stylized graphic of a yellow flower with multiple overlapping petals, rendered in a bright yellow color with black outlines, positioned in the bottom left corner of the page.

Our co-located exhibition services contribute to ensuring that your expected business results are achieved.

## Marketing & Exhibition Services

Exhibitors at the International Rapeseed Congress (co-located exhibition) are offered full marketing support. Extensive information on the global rapeseed markets, detailed planning on your participation as well as several promotion canals will be served are just few of the services offered to you as an exhibitor at IRC.

Participating at IRC could be an opportunity for your company to develop your product range. Get in touch with scientific institutions and research institutes from around the world, especially from leading rapeseed cultivation countries like China, Canada or India, as well as from middle and eastern EU countries. IRC and DLG will help you to achieve maximum benefit from the co-located exhibition.

## Perfectly combined: Congress and Co-Located Exhibition

- The largest science-based and practice-orientated congress in the field of rapeseed research. Scientists from all different scientific disciplines report on their latest research results every four years.
- An inspiring global conference and a highly targeted exhibition offer the perfect platform for successful rapeseed business.
- Over 900 attendees from all over the world.
- For the first time, the 2019 International Rapeseed Congress will include an extended co-located exhibition. Attendees may choose to visit either the congress or the co-located exhibition, or both. For exhibitors this offers an excellent opportunity to present innovative technology and solutions to the entire rapeseed sector, from farm to retailer.

The 15<sup>th</sup> International Rapeseed Congress (IRC)  
is the most comprehensive forum for discussing  
advancement in the global rapeseed industry.

Be part of it!
